ROOT IS RECOVERING

REGAINING HIS HEALTH AND ENERGY AT MULDOON'S.

NO OCCASION FOR WORRY

Has Spent Three Weeks at Sanitarium Unknown to Public—Received One Visit from the President.

New York.—Secretary of State Elihu Root, who has already spent three weeks at the farm-sanitarium of William C. Muldoon, ex-champion wrestler, near White Plains, taking Mr. Muldoon's course of athletic treatment for a severe attack of nervous exhaustion, expects to complete his cure in two weeks more. He is now well on the road to complete recovery and all reason for apprehension about his health seems to have disappeared.

On the quiet farm among the West Chester hills, so secluded that the secretary of state was enabled to pass three weeks there and be visited by the president of the United States before his whereabouts were discovered by the public, Mr. Root has fished up, put on a healthy coat of tan, lost the drawn, worried look of the early summer, and will go back to Washington, as Mr. Muldoon phrases it, "the strongest member of the cabinet, not even barring Taft."

During the first two weeks of his stay he gained a pound a day, acquiring therewith such a stock of energy that he was able Friday to ride 18 miles, walk three miles and in addition to the usual course of exercise with the big medicine ball, box 15 vigorous minutes with Muldoon.

When visited Friday on the veranda of the Muldoon residence, his face showed good color, his eyes were clear and his hand steady. He looked a trifle tired but otherwise well. Mr. Root asked to be excused from talking about his health, but his appearance was a sufficient contradiction of the exaggerated reports of a complete breakdown. His physician visited him but left without making any arrangements for his return.

According to Mr. Muldoon, Secretary Root, when he arrived, was suffering from nervous exhaustion, the result of overwork and strain.

COSTLY BLAZES IN PITTSBURG.

Two Fires Cause Damage Estimated at \$250,000.

Pittsburg, Pa.—Two fires Thursday caused by the explosion of gasoline in clothes pressing establishments caused damage estimated at \$250,000 and for a time threatened the entire east end section of this city.

The first fire broke out shortly before noon in the Club Pressing & Cleaning company's place at 6339 Penn avenue. The three-story brick building was destroyed and 14 employees were rescued from the windows by firemen.

The second fire was more serious and before it was controlled seven buildings were wiped out. The blaze started in the Enterprise Pressing company's shop at 5975 Center avenue about two o'clock and spread with great rapidity east and west.

A number of automobile garages in the neighborhood had quantities of gasoline on hand and barrels and tanks of the fuel were removed from the vicinity. A hundred or more automobiles were run out of the garages and for a time lined either curb of a block, several blocks from the burning district.

The flames made a great roar and leaped into the air 50 feet above the burning buildings. Between the burning block and the handsome East Liberty market house only a narrow lot intervened and grave fears were entertained lest the market should catch. This building escaped, however, but for the scorching of the east side and the shattering of the windows. Shortly after four o'clock the fire was under control.

Four firemen were hurt during the fighting of the fire.

Swedish Prince at Newport.

Newport, R. I.—The Swedish armored cruiser *Fylgia*, with Prince Wilhelm of Sweden on board, arrived here Thursday from Jamestown, Va. The prince was entertained at dinner by Mrs. Stuyvesant Fish, and later attended a dance given by Mrs. Edward J. Berwind. Salutes were exchanged between the cruiser and Fort Adams and the *Reina Mercedes*, flagship of Rear Admiral John Merrill, commanding the second naval district, as the cruiser entered the harbor.

CALLS THE NEGROES GUILTY.

GEN. MYER'S REPORT TOUCHES ON BROWNSVILLE AFFAIR.

Garrison Removed From Fort Brown as Result—Commander Urges Better Pay and Canteen.

Washington.—That Brig. Gen. Albert L. Myer, commanding the department of Texas, thinks the colored troops "shot up" Brownsville, Tex., last August is shown by his annual report. After calling the affray "a lamentable occurrence which is still shrouded in mystery to a great extent," he says:

"However, it seems to have been established that on the night in question a few enlisted men of the first battalion, Twenty-fifth Infantry, then garrisoning Fort Brown, did go armed into Brownsville and do some promiscuous firing resulting in the death of one civilian, one horse and the wounding of one policeman. It has been impossible to identify the individuals who actually did the firing. Undoubtedly there was at the time mutually had blood between a part of the garrison of Fort Brown and some of the citizens of Brownsville and this fact must, to some extent, account for the occurrence."

As a result of the occurrence, Fort Brown has been deprived of a garrison and the reservation has been temporarily transferred to the department of agriculture.

In line with other department commanders, Gen. Myer takes the ground that the pay of enlisted men should be increased, particularly of non-commissioned officers. He favors legislation increasing the infantry by at least ten regiments of full peace strength, and he declares that the continuing absence of so many officers renders more apparent and evident the necessity for some legislation giving two officers at least to a company or troop at all times.

Gen. Myer renews the recommendation of most of his predecessors relative to the removal of the canteen restrictions on the sale of malt liquors. He says there has been about 8 per cent. decrease in the number of trials by court martial, and the number of trials for desertion far exceeds that of any other crime or charge.

EDDY CASE ENDS SUDDENLY.

"Next Friends" File Motion to Dismiss Their Plea.

Concord, N. H.—A sudden, though not wholly unexpected, ending of the masters' hearing in connection with the suit in equity brought by relatives of Mrs. Mary Baker G. Eddy, leader of the Christian Science faith, came in the superior court room here Wednesday.

Former Senator William E. Chandler, senior counsel for the relatives, or "next friends," announced to the board of masters that they had filed a motion with the superior court to dismiss their action.

The suit was brought on the ground that Mrs. Eddy, being incompetent, on account of age and infirmities, to manage her own affairs, was the victim of persons associated with her in Christian Science work, who were named as defendants in the equity suit. The masters were appointed by the superior court to determine the question of Mrs. Eddy's competency, and hearings before them have been in progress for several days.

The reason for the petition for dismissal, as made known at the hearing Wednesday by Mr. Chandler, was the belief that success along the lines desired could not be obtained, and the unprofitableness of any of the immediate result of a decision in favor of the next friends in the exact issue as now framed, compared with the burdens and disadvantages to be endured both before and after such a decision.

Paymaster Shot and Robbed.

Philadelphia.—William H. Hicks, paymaster for the Schuam & Uhlinger company, textile machinists in the northeastern section of the city, was held up and robbed of \$6,000 within a short distance of the machine shops Wednesday by two highwaymen, one of whom shot him in the right arm. Mill hands pursued John Posicki, said to be the robber. He jumped on a street car but the pursuers pulled down the trolley pole and caught him. The stolen money was found lying in an open lot across which Posicki had fled.

WIRE COMPANIES APPEAL TO MISSISSIPPI GOVERNOR.

Claim Their Officers Are in Danger—Citizens of Greenwood Threaten Manager.

Jackson, Miss.—Gov. Vardaman was asked Thursday to call out troops to protect the telegraph offices at Holly Springs, Grenada and Greenwood. The appeal was made by Supt. Terhune of the Western Union company, who said the operators had been driven from the office in the two towns first named and that the manager at Greenwood had been threatened and abused by the citizens of that place.

The governor replied that Supt. Terhune should appeal to the courts, and if they are unable to enforce the law, he will adopt special measures for protection.

President Small's Challenge.

Chicago.—Officials of the Western Union and Postal Telegraph companies were called upon Thursday to prove to the public their oft-repeated claims that they are handling all their business satisfactorily.

President Small of the Telegraphers' union said the companies were not telling the truth, and he challenged them to throw open their operating rooms for inspection by an impartial committee of business men, that the public might know the real facts about existing conditions.

Mr. Small says such a committee will find the operating-rooms filled with managers of branch offices, company officials and dummies, with here and there a "real operator," and that only such business as makes the best showing of results—the tickers and the work of the great business houses—is being cared for, while the public at large is not getting service.

When President Small's suggestion was conveyed to the company officials the statement was made that investigation must be made from outside the operating-rooms, and the decision must rest with the business community at large, which, they assert, is regaining confidence and turning in more and more business.

EX-SPEAKER MILLER IS DEAD.

Was Driven from Chair When Mueller Bill Was Passed in 1903.

St. Louis.—John Henry Miller of McLeansboro, Ill., who was speaker of the Illinois house of representatives in 1903, when the Mueller law was passed, died here at the Washington hotel of acute pancreatic affection. He came here ten days ago from Chicago.

Try to Dynamite Train.

Every window in the last car was broken. A similar attempt was made to blow up the same train at Duffield Wednesday. The dynamiters escaped, but the sheriff is on their trail.

Pretty Girl Accused of Theft.

Chicago.—Miss Rose Haines, a beautiful convent graduate, who carried off the honors of her class, a prominent church worker of Hyde Park and the daughter of one of the wealthiest men of Bridgeport, Conn., is a prisoner in a Hyde Park police station cell, accused of theft. The principal charge against Miss Haines is that she stole two large diamonds valued at \$500 from a house where she was a guest, and then pawned them. The police say she lost \$75,000 on the open board of trade.

Entombed by Fall of Rock.

Wilkesbarre, Pa.—Five men were entombed Thursday by a fall of rock in a tunnel of the mine at Port Blair, near here, operated by the Erie Coal company. Michael Naughton, after several hours' effort, crawled under the debris badly injured. He reported that four other men were caught in the fall. Of these it is believed that James Boyle, of Inkerman, was killed, and that John E. Eustice, of Plainsville, and two Germans are on the other side of the fall and may have escaped.

MORE MONEY IN LOW FARES.

Effect of the Two-Cent Law in Minnesota Shown.

St. Paul, Minn.—Though the injunction suits now in the federal court in which the state has been made a defendant are principally directed at the commodity rate law, the two-cent passenger law is also involved and, in anticipation of trouble, Attorney General Young and his assistants have just compiled figures covering the passenger law that are startling.

The figures are the roads' own compilations, furnished at the request of the railway and warehouse commission, and show that the two-cent passenger law, instead of being confiscatory, is directly the reverse. The figures furnished the commission are the passenger revenues for the months of May and June, and compared with an average two months' business for the previous year, show a marked increase for all roads with the exception of three, the Soo, Minneapolis & St. Louis and the Great Western.

STRIKERS TO STATE CASE.

President Small Decides to Hold Monster Mass Meeting.

Chicago.—A monster mass meeting at which the cause of the striking telegraphers is to be laid before the business men of Chicago has been decided on by President Small of the Commercial Telegraphers' union.

Mr. Small said Friday that as the time had come when both sides were determined, and it might seem to the public that the strikers' attitude was more stubbornness, the telegraphers should go before the community and present their case fully.

The plan was taken up by Mr. Small as the result of a private conversation in which President Sager, of the board of trade, expressed a desire to look at the case from the point of view of the telegraphers, and said that he would attend one of their meetings.

INSANE PRISONERS SHOT.

Desperate Outbreak in Clinton Prison At Dannemora, N. Y.

Schenectady, N. Y.—One of the worst outbreaks among the insane prisoners in the history of Clinton prison at Dannemora occurred Wednesday night. As a result Isaac DuBois, one of the inmates, is dead, shot through the heart by a guard.

The insane prisoners were being marshaled for bed when at a given signal they rushed into the two big lower dormitories and slammed the doors in the faces of the guards. Having locked the doors they proceeded to set about making their escape by smashing the doors and sawing the bars. The guards were finally obliged to use rifles and pistols and it was after midnight before the uprising was quelled. Besides DuBois, who was killed, several other prisoners were seriously wounded.

And Eight of His Friends Were Badly Hurt—Car Crashed Into a Butcher's Cart.

New York, Aug. 26.—A giant touring car, driven by Carl Hanna, son of Dan Hanna, and loaded with eight of his friends, crashed into a butcher's cart while dashing from Seabright to Asbury park. Every occupant of the automobile was badly injured; five including Mr. Hanna, were pinned beneath the overturned wreck of the machine for half an hour. The four men in the butcher's cart though dinged 50 feet into a courtyard by the impact of the rushing car, all escaped. The injured members of the Hanna party are:

Carl Hanna, chest gouged by broken wheel and ankle sprained; Miss Ruth Segs, Asbury park, ankle sprained, head and neck gashed; Henry Segs, her brother, wrist and ankle sprained; Cyril Carmichael, Seabright, leg crushed and lacerations of arms; Vivian Carmichael, his brother, wrist and ankle sprained; A. Haas, Asbury park, back bruised and one rib broken; Wallace Robertson, New York, leg and head cut; Charles Blake, Elkton, Md., general contusions; A. J. Scott, Elkton, sprained ankle and wrists.

The accident came while the party was on the way home after a grand ball given by young Hanna and his stepfather, Ed. K. Stallo, at Pannack's hotel, Seabright, N. J., to half a hundred wealthy friends who are living in that vicinity.

Miss Segs and her brother had gone over from their cottage in Asbury park for the occasion. The Carmichaels, sons of Thomas Carmichael, the wealthy banker of New York; Robert, son, who is a brother of George Robertson of Vanderbilt cup race fame, and Mr. Haas, a Lehigh Valley railroad agent, are all summer residents at Seabright. Blake and Scott are guests of Hanna and the Stallos over the weekend.

COMPLETE SOMERSAULT

Turned By the Auto That Killed Merrill and His Chauffeur.

Newport, R. I., Aug. 26.—Waldo Merrill, member of a distinguished family and himself a wealthy stock broker of Boston, with his chauffeur, Eric Landstrom, met instant death near Sanderson, when his big touring car crashed down a steep hill and turned a complete somersault, alighting on top of its helpless passengers.

In the party were Mrs. Merrill and Mrs. Frederick Milliken and Miss Milliken, of Milton, Mass., all of whom were buried beneath the car, but, with the exception of Miss Rita Milliken, escaped with a bad shaking up. The girl sustained a fractured wrist, and the living members of the party were rescued from their dangerous position by P. F. Collier, of New York, who arrived a moment after the wreck and directed the members of his party in the work of rescue. The jamming of steering gear of the big motor was the cause of the wreck, which took place while the machine was running a fifty-miles-an-hour gait. Miller and the chauffeur, who were in the front seat, did all in their power to control the machine, and had succeeded in shutting off the engine before the crash came. They were found pinned beneath the forward members of the car, while the other members of the party, protected by the high back of the tonneau, escaped with bad bruises.

The hard from the city had sold sufficient verses to spend a week in a rural boarding house. Waving off the swarms of June bugs and mosquitoes, the bard sat penning his lines by the yellow light of a kerosene lamp. "How I love this madrigal!" he mused to himself.

Flames Swept Dynamite-Laden Ship.

Seattle, Wash., Aug. 26.—With enough dynamite, powder and explosives in her hold to blow up the rocks of Gibraltar, fire broke out, and fanned by gales of hurricane force, swept the steamship *Eureka*, Capt. Golightly, on her voyage from San Francisco to this port. But for the heroic effort of the crew every soul would have been blown to eternity, with perhaps not enough of the vessel left to show that there had been another great tragedy of the sea.

There are many ailments directly dependent upon constipation, such as biliousness, discolored and pimply skin, inactive liver, dyspepsia, overworked kidneys and headache.

Remove constipation and all of these ailments disappear.

MAN-A-LIN can be relied upon to produce a gentle action of the bowels, making pills and drastic cathartics entirely unnecessary.

A dose or two of Man-a-lin is advisable in slight febrile attacks, la grippe, colds and influenza.

Deaths from X-Rays.

The death of Dr. Weigel, a surgeon of Rochester, from a disease due to the constant use of the X-rays makes the fourth who has lost his life from this cause, says the Christian Advocate.

The others were an assistant of Thomas Edison, a Boston physician and a woman of San Francisco named Fleischman. In the case of Dr. Weigel since 1904, when his right hand and all but the thumb and a finger of the left hand were removed, there had been four operations in trying to save his life. The first removed a part of the right shoulder; then a part of the muscles covering the right breast.

Mystery completely envelops the cause of death, the disease being known to medical science, though it is believed to involve some great principle of life. Dr. Weigel was president of the Rochester Academy of Medicine and the American Orthopaedic society.

Puzzled.

The bard from the city had sold sufficient verses to spend a week in a rural boarding house. Waving off the swarms of June bugs and mosquitoes, the bard sat penning his lines by the yellow light of a kerosene lamp. "How I love this madrigal!" he mused to himself.

The horny-handed farmer, who sat greasing his boots, looked up in surprise.

"Gracious!" he drawled. "Where is she?"

"Who?" asked the astonished bard.

"Why, the gal yeou just said yeou loved."

Bobbin Boys' Wages.

John R. Lennon, treasurer of the American Federation of Labor, delivered recently an address on strikes. Turning to the amusing features of the strike question, Mr. Lennon said: "I remember a strike of bobbin boys, a just strike, and one that succeeded. These boys conducted their fight well, even brilliantly. Thus the day they turned out they posted in the spinning room of their employers' mill a great placard inscribed with the words:

"The wages of sin is death, but the wages of the bobbin boys is worse!"
